Doll House for a Cause

Creativity can be inspired by forgotten memories sometimes. Amanda May from AHS forgot she had a Doll House when she was a child. It was only when she built a large Victorian Doll House during the pandemic that a relative reminded her. "It was smaller and had twinkling lights," Amanda recalled.

This gorgeous doll house is currently being raffled by the Sheep River Health Trust. Tickets are 1 for \$5 or 5 for \$20. On display at the Okotoks Health & Wellness Centre in the lobby, tickets can be bought in person or online. The draw will be held on April 6.

It was during a trip to the United States that Amanda purchased a doll house kit that had over 1000 pieces. Even though Amanda has never built anything like this before, due to her love of crafts and building things, it took less than three weeks to build.

Crafted so meticulously and painted only on the front side, I asked Amanda why she didn't decorate the other side that displays the inside rooms. She said, "I didn't build it for anyone in particular and wanted to leave it up to the imagination."

When asked what inspired Amanda to build a doll house she said "I love to create something from something old and broken and put it back together."
